Innovation, Technology and Industry Bureau

Through creating a vibrant ecosystem for the government, industry, academia and the research sector with excellent software and hardware support, the Innovation, Technology and Industry Bureau (ITIB) aims to develop Hong Kong into a knowledge-based economy and an innovation hub for technology and its application in the region. ITIB attaches great importance to ensuring equal access to its services by all members of the public, regardless of their race. In this connection, the following measures have been put in place.

Services Concerned	● The public can obtain information about ITIB on ITIB's website or via email, fax, post or telephone.
Existing Measures	● Information about ITIB is available in both Chinese and English on ITIB's website. For ITIB's scope of work, the representation in 8 other languages is also provided on our website. ● Our enquiry service is neutral with regard to race and replies are made according to the language of the enquiries received. Interpretation service will be arranged where necessary and appropriate.
Assessment of Future Work	● ITIB will review its services for people of diverse race from time to time and make improvements as appropriate.
Additional Measures Taken/To Be Taken	● ITIB will continue to implement the existing measures and consider making refinements as appropriate.
